Summer Camp Legacy

Founded in 1908, Ecole Lemanica has over 100 years of experience and expertise welcoming students. We provide a Swiss educational experience to summer camp students from around the world with our French and English language classes.

Ideally located in the centre of Lausanne, Lemanica Summer Camp combines language studies with activities and boarding school accommodation to provide a perfect summer experience. We make sure your child has an enriching time, a summer that is unique and unforgettable.

Each morning, students can study for a IELTS test or follow an intensive English or French language programme of 15 or 20 hours per week. This year we have introduced a 2-week IB Discovery programme. Afternoons and evenings are filled with exciting sports and activities to enrich this rewarding summer in Switzerland.

« It has been a great experience. I got to know lots of people from other countries and made new friends. My French is much better now. The activities were a lot of fun, like go-karting and minigolf. My favourite activity was visiting the Cailler chocolate factory and the town of Gruyères. Lemanica helps you learn English and French with good teachers and superb activities. »
