« I stayed at Lémania for two weeks and it was incredible. First of all, the rooms are very nice and spacious, with a beautiful view of the lake. The showers and toilets are always clean and very close to the rooms. The food is really good and there is a wide variety of meals. Everyone is very kind and welcoming.

The French teachers are very helpful and patient, and they always offer fun activities. My French really improved here. The activities we do during the day are really fun and very interesting. I tried some great sports that I never thought I would do.

I made a lot of new friends, and I am very happy about that. Overall, my two weeks here were amazing, and I had a lot of fun.»

« I really enjoyed this summer camp and improved my French a lot.

The teachers are great, and I don't feel judged when I make mistakes with them. Also, the activities are really cool — I did many things I had never done before in my life, like go-karting, mountain karting, and paragliding. I also really like the instructors and activity leaders; they are very fun and friendly. »

Regina, Portugal

« I loved my experience at Lémania School. I made many friends and have so many incredible memories.

The friends I made during this camp will always be dear to me. I hope we will meet again in the future to create even more amazing memories together. The teachers and activity leaders at the school were kind to me throughout my learning experience. I will fondly remember the car trips to our destinations, singing and chatting every day. With the French I have learned, I hope to continue my studies in French and attend a school where I can be immersed in both English and French classes. I also hope to meet more people and learn other languages. »
